SCNA OBJECTIVE

SCNA is dedicated to the promotion and advancement of numismatics in all its dimensions...convinced that the hobby has great potential for enriching lives of those who earnestly seek its gifts. Our principal means for this is the *SCANNER*, the official publication, sponsored awards which seek to promote and reward excellence in many areas of hobby activity; and the annual Convention...which provides without charge to the collector, investor and general public...South Carolina's best program of numismatic education and services and the finest opportunity for buying and selling numismatic items.

Note from the Editor:

Please send any address and/or name corrections to the SCNA Secretary, Mr. Pascal Brock, P. O. Box 693, Lugoff, SC 29078. Return postage and re-mailing of the *SCanner* is cost prohibitive. The SCNA appreciates your cooperation in keeping our address files up-to-date. Thank you.

Members: The *SCanner* is always looking for numismatic articles. They can be on coins, paper money, tokens, elongated coins or medals. Please email them to me at gsstowers@msn.com or 715 Knollwood Drive, Columbia, SC 29209. They will be published as space is available.

Advertising Policy: The policy is that an advertisement will run for three (3) issues. The only changes for these issues will be to change the telephone number, address or email address.

Advertisements are important to us in order to defray the costs of producing and mailing the *SCanner*. The SCNA and the advertising dealers would appreciate your mentioning to them having seen their ad in this journal.

EDITOR'S COMMENTS

A NEW EDITOR IS STILL NEEDED FOR THE SCANNER. Anyone interested in the job should contact me or any SCNA Officer.

When you find something wrong or need to make updates, please let me know. A contact to my e-mail is the best way to get the information to me. Kathy Leaphart continues to serve as the associate editor for advertising. Anyone interested in placing an ad in the *Scanner* can contact Kathy at P.O. Box 280551, Columbia, SC 29228 or SKLEAPHART@YAHOO.COM.

I need authors to send in articles to fill the pages of *Scanner* with interesting material and educational information. We are always looking for new material for this publication, so do not be afraid to write about your "pet" subject. There is a "YN Corner" section for our young members. If there are any young people out there who would like to submit an article it would be welcome.

To all the SCNA member club leaders remember to send in club news, leadership updates and meeting information. It would be helpful if club secretaries send in club news and show bourse chairs send show updates. If your South Carolina club or city is having a show and you want to increase publicity, please send me the information and we will publish it here!

Thanks to Helen Barry, Erik Larsen, and Robert W. Ross III for their continued assistance with the *Scanner*.

Feel free to send your comments, ideas, articles, and feedback to me at gsstowers@msn.com or 715 Knollwood Drive, Columbia, SC 29209.

The Life and Collecting of Colonel Green

by Richard Samples

The following talk was given at the July 20, 2010, meeting of the Myrtle Beach Coin Club.

It's difficult to discuss Col. Green (born in 1868) without first learning something about his mother. Henrietta Howland Robinson, of New Bedford, Mass., was born in 1834. Her family members were Quakers who owned a large whaling fleet. At the age of two "Hetty" lived with her grandfather due to her mother's ill health. She took after her father and by the age of six she was reading financial papers. At thirteen she was the family bookkeeper and at 15 she went to school in Boston.

In 1864 she inherited her family's \$7.5 million in liquid assets. When she heard that her aunt Sylvia had willed two million dollars to charity she challenged the will in court, won and received the money. At the age of 33 she married Edward Henry Green and before the wedding she made him renounce all claims to her money and assets. Hetty had invested heavily in U.S. War Bonds and made \$1.25 million in those bonds in one year. She was very much a business woman and very stingy. She never turned on the heat or used hot water. She did not wash her hands and mostly ate pies that cost 15 cents each. She would not rent an office and used trunks and suitcases to hold all her papers. She earned the nickname "the Witch of Wall Street".

Her frugality extended to her family life. When her son Edward (Ned) Howard Robinson Green (later named "Colonel") broke his leg she tried to have him admitted to the local charity ward. When people there recognized her she stormed away vowing to treat the wound herself. The leg contracted gangrene and had to be amputated. He ended up with a cork prosthesis. When her children left home she moved repeatedly to small apartments, mainly to avoid having to pay a residence tax. In her old age she suffered a hernia and would not pay \$150 for the operation. She suffered many strokes and when she died at the age of 81 she

owned 7,800 pieces of real estate. The estimated worth was \$200 million, today's equivalent of \$3.8 billion, making her the richest woman in the world.

When his mother was alive, Ned moved away to manage the family's properties in Chicago and Texas. He became the director of the Baltimore & Ohio Railroad and President of the Texas Midland Railroad. He was active in politics and in 1910 was appointed honorary colonel by Texas Governor Oscar Colquitt. He became an avid philatelist and assembled one of the finest stamp collections in private hands.

Ned Green was 47 when Hetty died and he immediately made life style changes that improved his comfort. He built the Round Hill Mansion, which was staffed with 100 employees to maintain the grounds and house. Some female staff members worked on his collections. He married his long-time housekeeper Mabel E. Harlow, who Hetty disapproved of. He had met her 24 years earlier when she was a practicing dancer and prostitute. During the time they were married he showered her with gifts, including a 24 cent Inverted Curtis Jenny Airmail C-3 stamp incased in a glass and gold locket. He gave her a \$50,000 diamond studded chastity belt. When they traveled they had private railroad cars, a valet, chauffeur, personal maids and stamp and coin secretaries. He collected stamps in a bold manner. He would purchase entire collections, including the J. K. Storrow collection, which he bought for \$77,500.00. Today it is worth in the tens of millions of dollars.

He would sit in his chauffeured limousine outside coin and stamp shops with his leg propped up and dealers would bring out collections which he bought with cash. He paid \$20,000 for the sheet of Curtis Jenny inverted airmail stamps. He also collected large, roomy automobiles like the Duesenberg. And he gave away hundreds of thousands of dollars to charities.

He collected railroad cars and amassed a large collection of pornography, and many diamonds, rubies and emeralds. At one time he bought a yacht for one million dollars and had it cut in

half to add 40 feet to make its overall length 255 feet. One night while riding anchor it sank in calm waters of Buzzards Bay.

He would go to a stamp or coin show and buy everything. He owned some of the rarest coins and stamps in the world. At one time he owned all five 1913 Liberty Head nickels. He had a special case made and carried them with him to show them off. In his life time he also owned:

- An 1804 Silver Dollar (one of 15 known)
- An MS-66 1794 Flowing Hair dollar
- 5 of the top 10 1838-O Bust Reeded Edge half dollars (only 20 minted)-- #3, #5, #6, #7, #8
- An MS-65 1804 Bust quarter (today worth \$310,000)
- Numerous rare and early gold coins, including the 1906 Indian cent struck in gold
- The finest known 1808 gold Eagle.
- An AU-53 1798 Silver dollar
- And more than 200 1796 Bust Quarters—circulated, BU and Gem BU.

Colonel Green's stamp collection was said to be second only to that of King George of England. He owned all 100 of the Inverted Jenny airmail stamps in a full sheet (today's worth would be \$17.6 million).

Upon his death on June 8, 1936 at Lake Placid, N.Y. it took a convoy of eight armored cars escorted by police and private guards to transport his collection. Four states battled over his estate, each claiming that Col. Green was a resident. The dispute went to the Supreme Court which decided in favor of Massachusetts. The state received \$5.25 million in taxes.

The Colonel left his entire estate to his sister. His stamp collection was dispersed in 28 auctions over four years, consisting of 50,000 lots. His wife Mabel filed a claim against the estate, despite the agreement that she had signed before their marriage. She kept the inverted Jenny stamp and the case was quietly settled. She died in 1950. The lawyers responsible for

handling Col. Green's estate were quoted as saying that the process was an incredible experience. Checking all those stamps and coins and counting the stacks of \$10,000 bills and bins of gems reminded one of a scene from "Arabian Nights".

It would be another story where the coins and stamps went and who acquired them.

SCANNER JOURNAL HISTORY:
PART TWO

AN ILLUSTRATED HISTORY OF THE SCANNER
JOURNAL COVERS

BY ROBERT W. ROSS III, LM # 3

This segment augments the history that has been described in detail in Part One. In my opinion, there have been six distinct cover designs. However, some of the subsequent covers may appear to be somewhat different than those described below. This may be because of changes in the combination of design pieces, or because of different types of cover stock being used, or because of being printed in black and white, or because of the addition of color, or because of background stock used itself was of different colors.

QUARTERLY JOURNAL

First Edition - July 1973

VOLUME I - NUMBER 1

FIRST ISSUE OF SCanner, JULY, 1973. The cover was designed by George W. Crocker, the first President of SCNA. George made his living as a sign painter, sign builder, and commercial artist. George also created a brilliant exhibit of gold coins and other gold artifacts that won numerous Best of Show awards throughout the Southeast.

SECOND COVER DESIGN. Not technically a regular SCanner issue, this cover was created especially for the first convention in **November, 1973** as a convention guide. I chose to include it because of the organization history it evokes. The cover shows the Sheraton Motor Inn in Columbia, South Carolina which later became the Holiday Inn, City Center. This venue was the home of SCNA show numbers one, four, eleven, twelve, and thirteen.

THIRD COVER DESIGN. This cover was a forerunner to the design number four and was especially created for the third annual SCNA convention in **October, 1975**. This was a last minute cover creation done by Archie Stein and the journal was edited by Bill McLees. No regular issue *SCanner* was published during the 1975 year.

FOURTH COVER DESIGN. This cover was designed by Archie Stein for the **June, 1976** issue. The former Most Artistic Exhibit Award, as voted by the public as each show, was given as a memorial to him. Archie was well known for combining his artistic talents with his collections and presenting truly outstanding exhibits. Best known was his award-winning “Sketches of American Eagles.”

FIFTH COVER DESIGN. This cover design is included here because it is unique. It was used just the one time in **October, 1978** as a special convention issue. It featured a set of 1838 Aiken, South Carolina paper script. William H. McLees Jr. was both the SCNA President and General Chairman of this 6th Annual show and likely used notes from his South Carolina obsolete note collection to create this cover as the show was held in the Odell Weeks Recreation Center in Aiken.

SIXTH COVER DESIGN. This cover was created by the new editor in **February, 1983**, Ann W. Shull. The cover is known as the “patch cover” because it featured the beautiful SCNA patch. The five-color patch was printed in all its glory on high quality paper for five years. This cover design is still in use today, but due to cost considerations, it is now printed in black and white on different colored cardboard stock.

Ann was the first editor to serve for more than two consecutive years, and raised the publication to new heights as a quality journal which was highlighted by this beautiful full color cover. In Part One of this history, I indicated that the February issue was late. The amount of work involved in creating this cover is what caused that delay.

WHO WAS EMMA F. TUCKER?

Ernie Turnes

Knowing that I'm a collector of love tokens, a friend and fellow Myrtle Beach Coin Club member sold me an engraved 1884 Morgan dollar that he had had for years. (It was one of four love tokens that he had showed me. One was a gift and he told me to set the prices on the other three.) With most love tokens being engraved on Liberty Seated dimes, it's not common to see a Morgan dollar as the host coin.

This Morgan dollar love token was also a little unusual in that it was not smoothed on one or both sides, as was the practice, but engraved from coin edge to edge over the eagle on the reverse. The engraving was very difficult to read, not because of the lettering style, but because the coin was very dark. In addition, its grade was About Uncirculated, so the engraved letters and numbers blended with the lines of the eagle. The inscription, now easier to read because I dipped the coin, reads:

**“Emma F Tucker
Nov 4th 84”**

I did some on-line research but have not been able to discover anything (for sure) about Ms. Tucker. With the “**Nov 4th 84**” and the coin being an 1884 I had to figure that the date was when she was born or died or, perhaps, both. I did find an Emma F. Tucker who was born on January 31, 1880, and died September 5, 1955. She is buried in the Whites Chapel Church of Christ Cemetery in Fayette County, Alabama. If the engraving was about her, what was the significance of the date? A baptism piece? Another special occasion? I don't know, but hope to learn.

MEMEBERSHIP NEWS

It is a pleasure to welcome the latest additions to our SCNA family and we thank you for your support. We trust that your association with the SCNA will be a rewarding and educational experience for years to come!

The YN Corner

by Pascal Brock

Welcome to the **YN Corner** a column designed for the SCNA Young Numismatist. If you have an item you would like discussed let me know at either SCNA **YN Corner**, PO Box 693, Lugoff, SC 29078 or send me an email at psbrock@truvista.net. If you have something of interest write me a paragraph or 2 about it and send it to me and we will print it in the *SCanner*. Looking forward to hearing from all the YN's.

New Quarter Series of 2010

I assume no one has found a Hot Springs National Park or any America the Beautiful quarters in circulation? I haven't gotten a letter or email from anyone. I got a Hot Springs quarter in change about 2 weeks ago after the release date but I haven't seen another one yet. The second and third quarters of the series, Yellowstone National Park and Yosemite National Park, have now been released. So keep looking for those quarters and let me know what you find.

Did you know what is on a Coin?

A coin has 3 sides. The main design on a coin is on the front called the obverse. On the reverse of a coin, there is another design and usually this is where one can find the value of the coin. The third side is called the edge. It can be smooth or ridged or reeded. The penny and nickel have smooth edges. Both sides of a coin have a rim. It is the raised part of the coin

that completely encircles both obverse and reverse. Here are some other parts to look for on coins:

Obverse:

- * Motto- “In God We Trust” on US coins
- * Date- when the coin was issued
- * Design- on US coins is usually an image of a President
- * Field- blank space

The SCNA will hold a young Numismatist program on Saturday, October 30 at 11:00 am during the SCNA Convention and Coin Show at the Carolina First Center in Greenville. Make plans with your parents to attend. We will have a speaker and plenty of prizes. Bring your favorite item from your collection for a short show-and-tell at the end.

Until next time keep collecting.

Q: Why are coin banks shaped like pigs?

A: Long ago, dishes and cookware in Europe were made of a dense orange clay called “pygg”. When people saved coins in jars made of this clay, the jars became known as “pygg banks”. When an English potter misunderstood the word, he made a bank that resembled a pig. And it caught on.

MYRTLE BEACH COIN CLUB NEWS

* On April 20, 2010 the club made a donation of \$1,124 to Horry County Meals on Wheels. The club also gave \$300 to the Grand Strand Senior Center, where the club meets. The money came from the proceeds of the April Coin Show and a fund raiser of a money tree designed and made by students at the Socastee High School Art Club. The “leaves” (currency) placed on the tree (including 60 silver certificates) were all donated by club members and the Myrtle Beach Coin Exchange, as were other items in the fund raiser.

Ernie Turnes, Myrtle Beach Coin Club president, presents a check to Kathy Edens, Executive Director of Horry County Meals on Wheels, April 20.

* On June 1 the club treasurer resigned and on June 15 the club elected a new treasurer- Ashley Benton.

* For the second year MBCC is having a “guess the price of silver Contest”. Entries had to be submitted before July 7 predicting the price of an ounce of silver on December 31, 2010. The winner(s) will receive a Silver Eagle.

* As of July 20, 2010, 18 people joined the club in 2010.

* Plans are being made to produce a medal to be issued in 2012 in recognition of the club’s 5-th anniversary. The club is having a contest for the best design.

* August 17 is the date for the next Swap Meet.

* The first meeting each month has a theme, and the second features an educational presentation.

* The next local coin show, sponsored by the Myrtle Beach Coin Exchange, is scheduled for October 2 and 3. The club will again have a fund raiser to help Horry County Meals on Wheels.

* The club, named the SCNA “Coin Club of the Year” in 2008, has a new home in the Grand Strand Senior Center, 1268 21st Ave, Myrtle Beach, SC and meets on the 1st and 3rd Tuesdays of each month at 6:30 PM, all year. Meetings feature discussions of coins and other numismatic material, a raffle, door prizes (all who attend are eligible), presentations, an auction and refreshments. Guests are encouraged to attend. For more information, call (843) 903-1223 or email mbcoinclub@yahoo.com.

CSA & OBSOLETE NOTES ARE MY BUSINESS!!

I have been a full-time dealer in Confederate and obsolete currency for over 33 years. I've helped many collectors assemble complete CSA type sets as well as find rare varieties. I've also helped hundreds of collectors with their obsolete note interests from rare to common. My catalogs are well known in both the dealer and collector fields for their reference value. If you are a serious collector of CSA notes, bonds or obsolete bank notes, I can offer you the following:

1. Thousands of bank notes in the Confederate and obsolete areas.
2. Accurate descriptions, grading and fair prices.
3. Reliable dealings with prompt and friendly service.
4. The knowledge and research capabilities to properly attribute these notes.
5. A want list service that has helped many find notes which they could not locate.
6. Top prices when buying one note or an entire collection. If you are selling, I want to buy your notes!
7. The respect and integrity of dealings that are well known in the hobby.
8. Representation to bid for clients at major auctions.
9. Paying finder's fees on collections referred to me.
10. Appraisal services for reasonable fees.
11. Institutional and museum services for note authentication and valuations.
12. Strong cash decisions and immediate payment for your material.

If you collect, I offer my latest edition 60 page catalog for \$5.00, refundable on first order. It features one of the largest CSA note inventories available, an extensive obsolete and scrip section, uncut sheets of notes, U.S. fractional notes, a Continental and colonial section and a reference book section. Whether you are buying or selling, I would be pleased to have you contact me.
