President's Message

Greetings South Carolina Numismatists,

Once again, time flies and the spring coin show season has come and gone but that does not mean that you put your collection on the shelf and wait for the fall to come around. Numerous online auctions, national shows and other ways to add to your collection abound! Come out to your local coin club meetings and see what is up for auction or perhaps a dealer who attends the meetings has the coin that will upgrade your collection to your satisfaction. Just because the needle on the thermometer rises, doesn't mean that you should stop thinking about your collection.

Plans are well underway for the Annual South Carolina Numismatic Association Convention to be held on October 28, 29, and 30, 2016 at the TD Center in Greenville. Be sure to get your exhibits polished and ready and if you are a young numismatist, there are many reasons to attend! Once again, each young attendee will not leave the Convention empty handed. In addition to an educational program on Saturday, October 29th, there will be giveaways for all in attendance, including coins! All young exhibitors will be given certificates to be used as cash for buying items at Convention's dealers! In fact, a new policy initiated by the SCNA will provide reimbursement to all member exhibitors who need it--a nice perk for your membership and can defray the cost of traveling to the Convention from out of town. No more excuses for folks in Myrtle Beach and Hilton Head who want to exhibit and don't do so due to costs. Exhibits chairman Bruce Getman has all of the details on this new program.

Finally...a quick update on SCNA membership shows that our ranks exceeding 400 and growing. This is great news but there is always room for more. Do you have a son or daughter (or grandson or granddaughter) who is interested in our hobby? A one dollar membership for all youth will get them 3 issues of The SCanner each year and an invitation to the Sunday breakfast at the SCNA Convention. For the older "kids", a \$12 annual membership will get you the same. Why not give a membership as a gift and see if it starts an interest (or renews it).

Here's hoping that everyone enjoys a safe and relaxing summer. Happy collecting!

Erik

So much is happening in this issue

From The Editor:

Greetings to all and welcome to the summer issue of the SCaner. This issue is packed full of informative and helpful items. First of all, I hope you took the time to read the President's message. Did you notice the section discussing exhibits and incentives for displaying at our show? We want many full tables of exhibits by our youth as well as our clubs and seniors. I know you have cool numismatic items and exciting collections. We would love for you to show them off. Please participate in the exhibit program..... go ahead brag some.

On another note.... Do you have the desire to be a part of the SCNA team? We need people willing to serve on the board, run for elected office, help with convention, volunteer at local shows, contribute to the SCaner publication, sponsor youths, and recruit new members. This organization is a worthwhile and integral part of the numismatic hobby here in South Carolina. Lets keep is growing!!

Finally, I want to give my condolences to Norman Boggs Sr's family. Norman Sr. was one of the first South Carolina dealers I can recall sitting down with at a local show many years ago. I appreciated his knowledge and insight regarding high end collectible coins. He will be missed on the Bourse Floor by many.

Silver Certificates of 1899

By: Barry Ciociola

Beginning about the turn of the previous Century, the United States tended to produce notes in series that, conveniently for today's collector/investors makes it very feasible to begin a collection in a relatively simple fashion. In 1899 the Silver Certificate Series of notes were pretty much the everyday currency items used at the time. So needless to say a lot were produced, fortunate enough for today's collector that means only three denominations of notes to be collected. For the sake of this article we are only going to cover the three basic types, but for those of you who want completeness, and to collect by signature varieties, the series will be enough to keep you in the hunt for years.

The "**Black Eagle**" \$1.00 dated 1899 has several varieties beginning with Fr. 226, Lyons-Roberts signatures, and "series date above and to the right of the serial number." The only one like this type. This next group of notes encompasses a total of four different "Friedburg" Numbers thru Fr. 229 and beginning with Fr.226-a which has the "series date below the serial number." The last group of Black Eagle notes, also a variation, is the group which is numbered Fr-229a to Fr-236 with the "series dates to the right vertically." All in all any of these notes could serve as a type note, as the differences in most notes are very minor.

As for pricing, the Black Eagle Series is pretty affordable, and most collectors or investors would probably consider a note in Very Fine to Choice C.U. Pricing on this group of notes can be found in the GreenSheet where they will vary from \$126/140 in Very Fine to \$398/438 in Choice Uncirculated 63 (avg of all three Fr. # bid/ask ranges).

In moving along in this series, we now find the \$2.00 1899 also known as the Mechanics and Agriculture Note. A relatively scarce note that is fairly affordable. There are only ten Friedburg Numbers to be collected, from Fr. 249 thru Fr. 258. If you're only going for a type note, there are no varieties, and only one note would be needed to finish the set. There is only one rare signature combination to be bought if you are getting all the notes in this series and that is Fr-254 the Napier-Thompson, a pretty scarce note. If you are only wanting one for the Type then a Fr.258 which is the Speelman-White signature is needed for the type, which in Very Fine could be found at or near the GreenSheet price of \$ 165/180 or if you prefer a nicer note, you could secure one in Choice Uncirculated 63 for about \$825/900 which is just about the GreenSheet Price if you did a little searching out there at the Shows and various Auctions.

Of course to complete the set of three notes you have to have a \$5.00 1899 Indian Chief in the set to make it complete. Some collectors, swear that the \$5.00 Indian Chief is THE nicest note the United States ever printed, which may be the case. It is always one that every Collector or Investor wants or has to have in their collection. The Indian's name pictured on the front of this cool note is named, Tatoka-Inyanka, or in English it translates to "Running Antelope" in our language. He was of the Hunkpapa Sioux Tribe, which gives this note a rather odd nickname of "Unk Papa" most people believe it is the Indian's true name but instead it is the Tribe's name but somehow the name has stuck to the note instead of "Running Antelope" most just call it the "Chief".

Cont'd on page 16

This is a series of no less than eleven Friedburg Numbers, and the numbers run from Fr-271 to Fr-281. There is a rather tough note in this group if one is going to obtain all signature combinations, it is the Napier-Thompson. Most if not all of the signature combinations can be found in about every grade. About all that every collector could want in this note could be obtained in an affordable grade of Very Fine, and a really decent note for the typical collector might be an Extra Fine which could be obtained for the GreenSheet price of \$975/1075 or thereabouts, for the more affluent investor and well heeled collector a very nice Choice to Gem Uncirculated could be bought for \$ 2100/2300 which is right at the GreenSheet price for a CU 63. There are no real varieties in the \$5.00 1899 series, but if you wanted to get inventive you could find there are some mule notes available to collect that are not too expensive. But we can save that for other articles.

SCNA Club News

Greenville and Parker Coin Club (Upstate Clubs) News

The Greenville and Parker Coin clubs are alive and well in the Upstate. This is a special year for the Greenville Coin Club as we celebrate the 60th Anniversary of the club. A special celebration is planned for May 2016. Under the leadership of President Sam Norris, the Greenville Coin Club continues to grow and promote the hobby in their community. During the month of April, Club member Larry Miller gave an educational talk about 2 Cent pieces. He enlightened the club on the history of these coins as well as other copper coins minted in the U.S.

The club's annual coin show that was held in Spartanburg during February 2016 was another successful show with happy dealers and public alike.

Hats off to the club members who volunteer their time to work at the front desk. Special thanks to David Burzinski and Mike Henrickson for their efforts promoting and hosting the show. We look forward to seeing SCNA members at the show February 2017 in Spartanburg, SC.

PEE DEE Area Coin Club News

The Pee Dee Area Coin club had a successful Spring show. The show was held April 2nd and April 3rd. This show was our first 2 day show. Many vendors requested the 2 day show and we are happy with the outcome. We are hoping our fall show Oct 15th and 16th will be even bigger and better. As the second day show gets known an increase in the public should be evident. Thanks to all who came.

Camden Coin Club News

The Club's spring coin show was a very successful event with a full bourse and one of our larger crowds. The club created a 70th Anniversary Wooden nickel. Each attendee was given a wooden nickel as they entered the show. Dealers were asked to accept the wooden nickels from the public at \$1.00 each for \$1.00 worth of goods. At the end of the show, dealers could redeem these wooden nickels for \$1.00. We had about 10 wooden nickels redeemed. It appears most folks kept their wooden nickels as a souvenir of our 70th Anniversary and coin show.

The club **Will Not have a 2016 Fall Show** due to the inability to schedule to Building for any weekend this fall. We tried to find another location but could not find a location suitable to our needs and price range. The 2017 Spring Show has been scheduled for March 18, 2017 and the 2017 Fall show on September 16, 2017.

Augusta Coin Club News

The May 13-14 2016 club show is one for the record books of the Augusta Coin Club as it represents the largest bourse, 38 dealers and public attendance, 300, since the founding of the club in 1955 and its incorporation in 1959. Fellow member and past Club President David Chism is to be congratulated for his efforts in making his 25th show as bourse chairman the best of all since he took on the responsibility in 2003. A large number of club members are to be congratulated as well including our club President Seven Nix for his leadership in attracting members to help out at the welcoming desk, Connie Clayton for chairing the lunch and refreshment counter at the back of the bourse hall and those members who displayed numismatic exhibits in the lobby outside of the bourse room.

Augusta Coin Club Show

Midlands Coin Club News

Greeting fellow collectors! This is a report from the middle of the state. The Midlands Coin Club has been and will be busy the next few months. First we held our spring Coin Show May 7th at the American Legion Hall on Pickens Street. We saw a large crowd there with a sold out bourse. We look forward to seeing you there again in November. As with the Spring show we will have raffle prize drawings and something there for everyone.

May 14th was our annual club banquet. This year it was held at Zorba's Greek Restaurant on St. Andrew's Road. Food and fun was had by everyone. Wayne Damron gave an awesome presentation on "The Coinage of the Twelve Caesars", his knowledge on this subject is unsurpassed as well as very entertaining and educational. We were honored to have him join us this year.

Our exhibits program has been moved to another month, probably June or July, that will be announced on our website and Facebook page. And of course we invite all that want to join our great club. We meet at 7 pm every second Thursday of the month and have a speaker or presentation, auction, business meeting and FUN!!! Our meetings are held at the Cayce Historical Museum, 1800 12th Street, Cayce, SC 29033. All details can be found on our website at www.midlandscoinclub.com and our Facebook page.

Want \$250 for your Coin Club?

This year the SCNA Convention will again host the annual exhibits program for member clubs. The SCNA Club Exhibit Program is easy! Your club must register it's exhibit before Oct 1, 2016. You may use 1 or 2 cases provided by the SCNA or bring your own. Each club must build it's exhibit around a central theme.

This year's theme is "**Military in South Carolina**". You may use coins, currency and tokens in your exhibit from members of your club only. All items must have a South Carolina place of interest associated with them. Judging will be by popular vote of the public attending the convention. Any items within the exhibit that do not have a South Carolina place of interest associated with them will result in the disqualification of the exhibit. Set up is Thursday from 5PM till 9PM and Friday from 8 AM until Noon. Voting will continue thru Saturday. The winning exhibit will be announced at the SCNA Awards Breakfast on Sunday morning. This is a club event. We highly encourage each club to pool their club resources and member collections together for this event. The winning club will receive a check for \$250.00 to use however they wish. Any questions contact Bruce Getman Exhibit Chair.

Greetings Young Collectors!

Have you received any 2016-dated coins from circulation yet? For me this activity has been very difficult so far. I have found ten 2016-P cents and two 2016-P nickels. No dimes, no quarters and no Denver mint coins. End of story. Perhaps my search for the elusive new coins will improve during the year. Please feel free to contact me to report any unusual or interesting coins from your change.

The Fort Moultrie National Monument quarter launch is scheduled for Thursday, November 17, 2016, at 10:30 AM at Fort Moultrie, Sullivan's Island, SC.

Information on the Fort Moultrie quarter release ceremony can be found on the SCNA website: SC-NA.ORG. In what year was the last South Carolina quarter released? (Answer: The South Carolina state quarter released in 2000).

I have written in previous columns that the U.S. Treasury was considering putting a woman on currency and public comments were being sought. In a previously unreported memo to the President in March, 2015, Mr. Jack Lew, the U.S. Secretary of the Treasury expressed his thoughts that Susan B. Anthony should be the new face on the \$10.00 but he wanted to hear from the public before he made a final decision. A special website for comments was established just for this purpose. Many early reports expressed the opinion that the \$20.00 bill with Andrew Jackson should be changed instead of the \$10.00 bill. Well, in April, 2016 Secretary Lew made some surprising announcements.

First, Harriet Tubman will replace Andrew Jackson on the front of the \$20.00 bill. She will be the first real woman to appear on a banknote in over 100 years and the first African American to ever appear on currency. Jackson's likeness will be moved to the back of the bill. The \$20.00 note was not scheduled to be redesigned until 2030 but Mr. Lew has requested the date be moved to at least 2020. The year 2020 will mark the 100th anniversary of women receiving the right to vote.

Continued from page 25

Next, Alexander Hamilton will remain on the front of the \$10.00 bill. It was reported Mr. Lew made his decision to leave Hamilton on the \$10 after he saw the smash Broadway musical based on Hamilton.

It was also noted the backs of the current \$10.00 and \$5.00 notes are being changed to include portraits of famous civil rights figures. The new \$10.00 note is currently scheduled to be released in 2020 with new security features, enhancements for the blind, and the redesigned reverse. The actual date for a release of the popular Abraham Lincoln \$5.00 bill with a new reverse was not reported but may also come as early as 2020.

While Mr. Lew was announcing the many changes to the U.S. currency, more interesting information was disclosed from his March, 2015 memo on the nation's money. Mr. Lew advised he supported the removal of the one cent coin. He also stated the composition of the rest of the U.S. coins should be considered for change. No action has been taken on Mr. Lew's recommendations to revamp the U.S. coinage but it was expected there would be much opposition from the manufacturers of the metals currently being used for coins if changes are enacted.

There are many actual and possible changes being discussed for our money designs and composition for the next few years. Do not be surprised if the government makes even more changes when you least expect it. Keep reading the **SCanner** while we try to keep you current on the changes.

Have you taken advantage of this free offer yet? This is a great reward for good grades. If you earn 3 or more A's in school the American Numismatic Association will send you a coin and a 6-month free basic membership in the organization. US Mint Press Release March 17, 2016

United States Mint Obtains Possession of Aluminum Coin

Washington, DC - The United States Mint announced today that it has recovered a 1974-D aluminum experimental one-cent specimen that was neither authorized to be struck nor authorized to leave the Mint. The Mint's recovery follows an agreement to resolve a lawsuit over the ownership of the piece.

The lawsuit in question involved an aluminum one-cent specimen that had once been in the apparent possession of a former assistant superintendent at the United States Mint in Denver, Colo. The two plaintiffs, an heir of the former assistant superintendent and a California coin dealer, filed suit in federal District Court in San Diego, California, seeking a declaratory judgment that the piece was legal to own.

Over 1.4 million of the experimental pieces were struck at the Mint in Philadelphia in 1974 as part of a test program to possibly replace copper one-cent coins. However, Congress never enacted legislation authorizing the Mint to issue one-cent coins composed of aluminum, and the test pieces were to all be melted. The specimen piece in question bears a "D" mark, signifying production in Denver, along with the date "1974," and appears to have been struck with a die intended for the Mint's Denver facility. However, authority was never granted for production of the experimental test pieces at Denver.

An heir of the now-deceased former assistant superintendent contended that his father was given the aluminum one-cent specimen as a gift upon his retirement. The heir provided the piece to an auction firm and hoped to sell it. In February 2014, the United States Mint became aware of plans to offer this particular piece for auction, and immediately reached out to the plaintiffs, notifying both that the United States Mint never issued, nor otherwise transferred title to any aluminum one-cent piece, and that indeed, lawful authority to issue them was never granted. Congress never divested the Government's interest in the subject aluminum one-cent piece, and accordingly, it remained the rightful property of the Federal government.

The Mint, upon authorization of the Secretary of the Treasury and as delegated by Congress, has the exclusive authority to mint and issue U.S. coins and other numismatic items. Items made at United States Mint facilities but not lawfully issued--or otherwise lawfully

disposed of--remain government property and are not souvenirs that Mint officials can remove and pass down to their heirs.

The agreement directs that title to the piece rests with the United States Mint and that it be transferred to its custody and control. Mint Police have secured the piece. The Mint considers the specimen to be a valuable historic heritage asset. Accordingly, it intends to display the specimen publicly so that this heritage asset can be properly showcased and enjoyed by numismatists, coin collectors and the general public. The display forum has not yet been decided, but the Mint will make an announcement when a decision has been made.

"The Mint is very pleased with the agreement, and we are very grateful to the U.S. Attorney's Office in San Diego for its work and efforts in reaching this resolution. We look forward to displaying the coin appropriately as an important Mint heritage asset," said Rhett Jeppson, United States Mint Principal Deputy Director. "This agreement is not only good for the integrity of the coin collecting hobby but for the integrity of the government property and rule of law."
